Police are suspecting that the flag that broke out last night at XX Park may have been caused by arson.

And a young boy was seen collecting trash packets yesterday afternoon near the train station.

Trashes have been left at the site indicating that trash packets went off...

The police are looking for the identity of the boy, who they believe may be involved.

BUT I NEVER TRIED TO STOP HIM EITHER.

WHAT?

IT MIGHT BE WHO GET THE JOB.

According to witnesses he was wearing strange clothes.

And he may be a member of a religious cult...

AND GOO .

IT WAS
ME.
